

§ 778.205

29 CFR Ch. V (7–1–11 Edition)

the oral contract and the actual employment and pay practices thereunder.

§ 778.205 Premiums for weekend and holiday work—example.

The application of section 7(e)(6) may be illustrated by the following example: Suppose an agreement of employment calls for the payment of \$7.50 an hour for all hours worked on a holiday or on Sunday in the operation of machines by operators whose maximum hours standard is 40 hours and who are paid a bona fide hourly rate of \$5 for like work performed during non-overtime hours on other days. Suppose further that the workweek of such an employee begins at 12:01 a.m. Sunday, and in a particular week he works a schedule of 8 hours on Sunday and on each day from Monday through Saturday, making a total of 56 hours worked in the workweek. Tuesday is a holiday. The payment of \$320 to which the employee is entitled under the employment agreement will satisfy the requirements of the Act since the employer may properly exclude from the regular rate the extra \$20 paid for work on Sunday and the extra \$20 paid for holiday work and credit himself with such amount against the statutory overtime premium required to be paid for the 16 hours worked over 40.

[46 FR 7311, Jan. 23, 1981]

§ 778.206 Premiums for work outside basic workday or workweek—examples.

The effect of section 7(e)(7) where “clock pattern” premiums are paid may be illustrated by reference to provisions typical of the applicable collective bargaining agreements traditionally in effect between employers and employees in the longshore and stevedoring industries. These agreements specify straight time rates applicable during the hours established in good faith under the agreement as the basic, normal, or regular workday and workweek. Under one such agreement, for example, such workday and workweek are established as the first 6 hours of work, exclusive of mealtime, each day, Monday through Friday, between the hours of 8 a.m. and 5 p.m. Under another typical agreement, such workday

and workweek are established as the hours between 8 a.m. and 12 noon and between 1 p.m. and 5 p.m., Monday through Friday. Work outside such workday and workweek is paid for at premium rates not less than one and one-half times the bona fide straight-time rates applicable to like work when performed during the basic, normal, or regular workday or workweek. The extra compensation provided by such premium rates will be excluded in computing the regular rate at which the employees so paid are employed and may be credited toward overtime compensation due under the Act. For example, if an employee is paid \$5 an hour under such an agreement for handling general cargo during the basic, normal, or regular workday and \$7.50 per hour for like work outside of such workday, the extra \$2.50 will be excluded from the regular rate and may be credited to overtime pay due under the Act. Similarly, if the straight time rate established in good faith by the contract should be higher because of handling dangerous or obnoxious cargo, recognition of skill differentials, or similar reasons, so as to be \$7.50 an hour during the hours established as the basic or normal or regular workday or workweek, and a premium rate of \$11.25 an hour is paid for the same work performed during other hours of the day or week, the extra \$3.75 may be excluded from the regular rate of pay and may be credited toward overtime pay due under the Act. Similar principles are applicable where agreements following this general pattern exist in other industries.

[46 FR 7311, Jan. 23, 1981]

§ 778.207 Other types of contract premium pay distinguished.

(a) *Overtime premiums are those defined by the statute.* The various types of contract premium rates which provide extra compensation qualifying as overtime premiums to be excluded from the regular rate (under section 7(e) (5), (6), and (7) and credited toward statutory overtime pay requirements (under section 7(h)) have been described in §§ 778.201 through 778.206. The plain wording of the statute makes it clear that extra compensation provided by
